EXPERIENCE

Freelance

2017 May – Present

I have actively taken part in the redesigning of a elementary school's website. My role included helping improve content for the website to redesigning to finalising and relaunching the website.

Chinese Culture Center of San Francisco

2016 September – 2017 April

During the eight months internship at CCC, I've been working on most of their graphic design projects for upcoming events and exhibitions. Besides the main responsibilities, I've also helped with some side projects, such as research of artists, media promotion, and reception at the gallery.

Xinhua News Agency

2013 April – June

Chongqing, China

My role included collecting, sorting and editing the media materials for website updating content. I've also participated in event's preparatory and presenting work.
